

PowerHouse CPD Management Platform

Take Control of your CPD, CPE and CLE Program

www.powerhouseupskill.com

Manage your CPD Program with the PowerHouse CPD Platform

PowerHouse Upskill features a complete CPD Management Platform for associations and professional bodies. The CPD software is designed to deliver events, webinars and online training to your members.

PowerHouse CPD delivers a branded portal to manage the registration and payment of your events and webinars. Your association can publish and sell CPD courses and help your members meet their annual CPD compliance. You can share documents and use the communication tools to conference, collaborate, mentor, message, broadcast, and survey members

Your complete CPD Management Platform

CPD Marketing Website

CPD Course Publisher

CPD Event Manager

CPD Webinar Manager

CPD Workforce Wallet

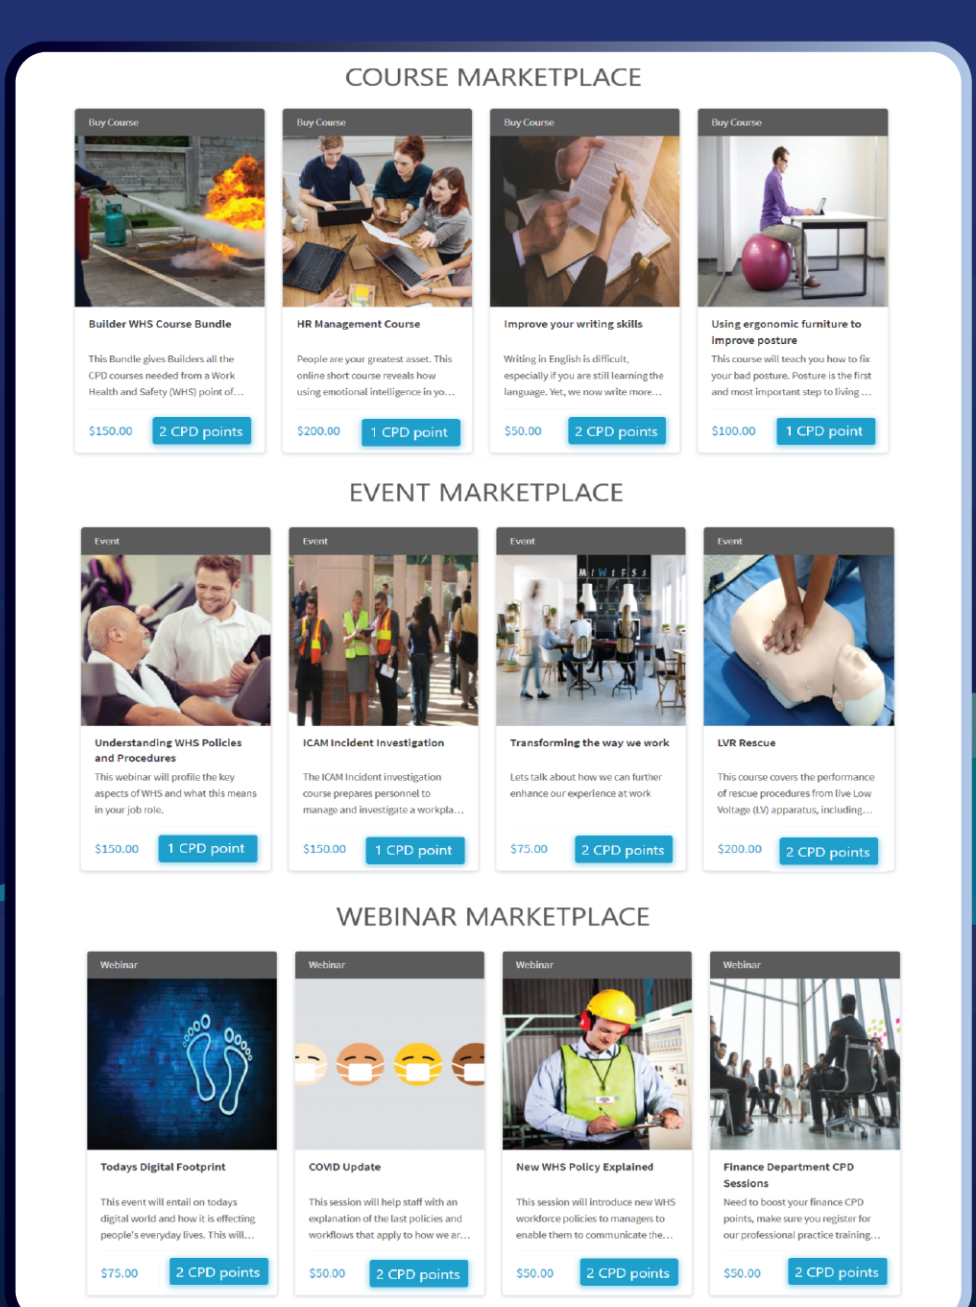

CPD Completion Certificates

Your CPD Marketing Website features:

- A branded CPD Marketing Website
- Add web pages to describe your CPD program
- Secure login for your members to complete their CPD
- Customised registration forms for visitors
- Marketing Portal for your online CPD Courses
- Marketing Portal for your face-to-face CPD Events
- Automated waitlist management of your events
- Marketing Portal for your CPD Webinars
- Integrates with your Teams or Zoom webinar accounts
- Stripe eCommerce Portal to sell your CPDs
- Portal for members and non-members

The CPD platform is multi-tenanted, meaning you can publish a CPD Group for each employer member in your association. Each employer can then deliver your CPD to their staff for a fee, allowing you to generate revenue.

Publish Unlimited Interactive CPD Courses

The PowerHouse Content Publisher allows you to build unlimited CPD courses. Add text, images, video, animation, tabbed sliders, expand / collapse elements, surveys, and assessment. Assign CPD hours, units or credits and publish to your marketing website.

Build your courses in Adobe Captivate, Articulate etc and import into the platform. Add SCORM courses and use the xAPI compliant to offer courses from other course publishers.

CPD Training Events Management

The CPD Management Platform also features a powerful Event Management module. You can host CPD conferences, workshops, and face-to-face training sessions. Your members view your list of events, view marketing information, register and pay online. The events and attendance certificates and CPD points are pushed to their CPD dashboards.

CPD Webinar Management

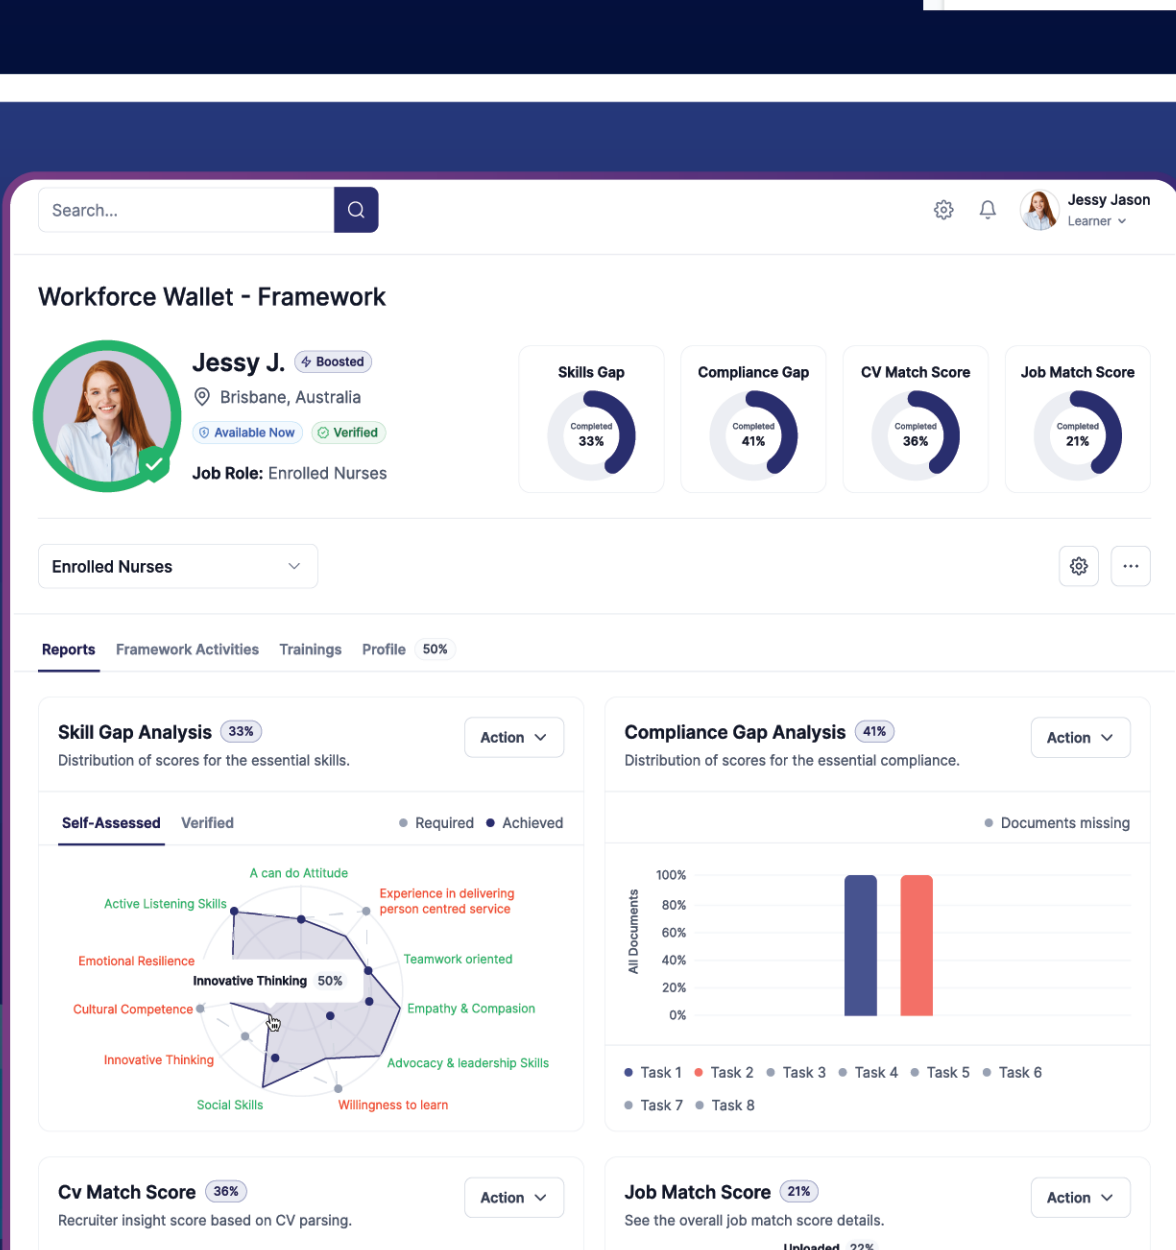

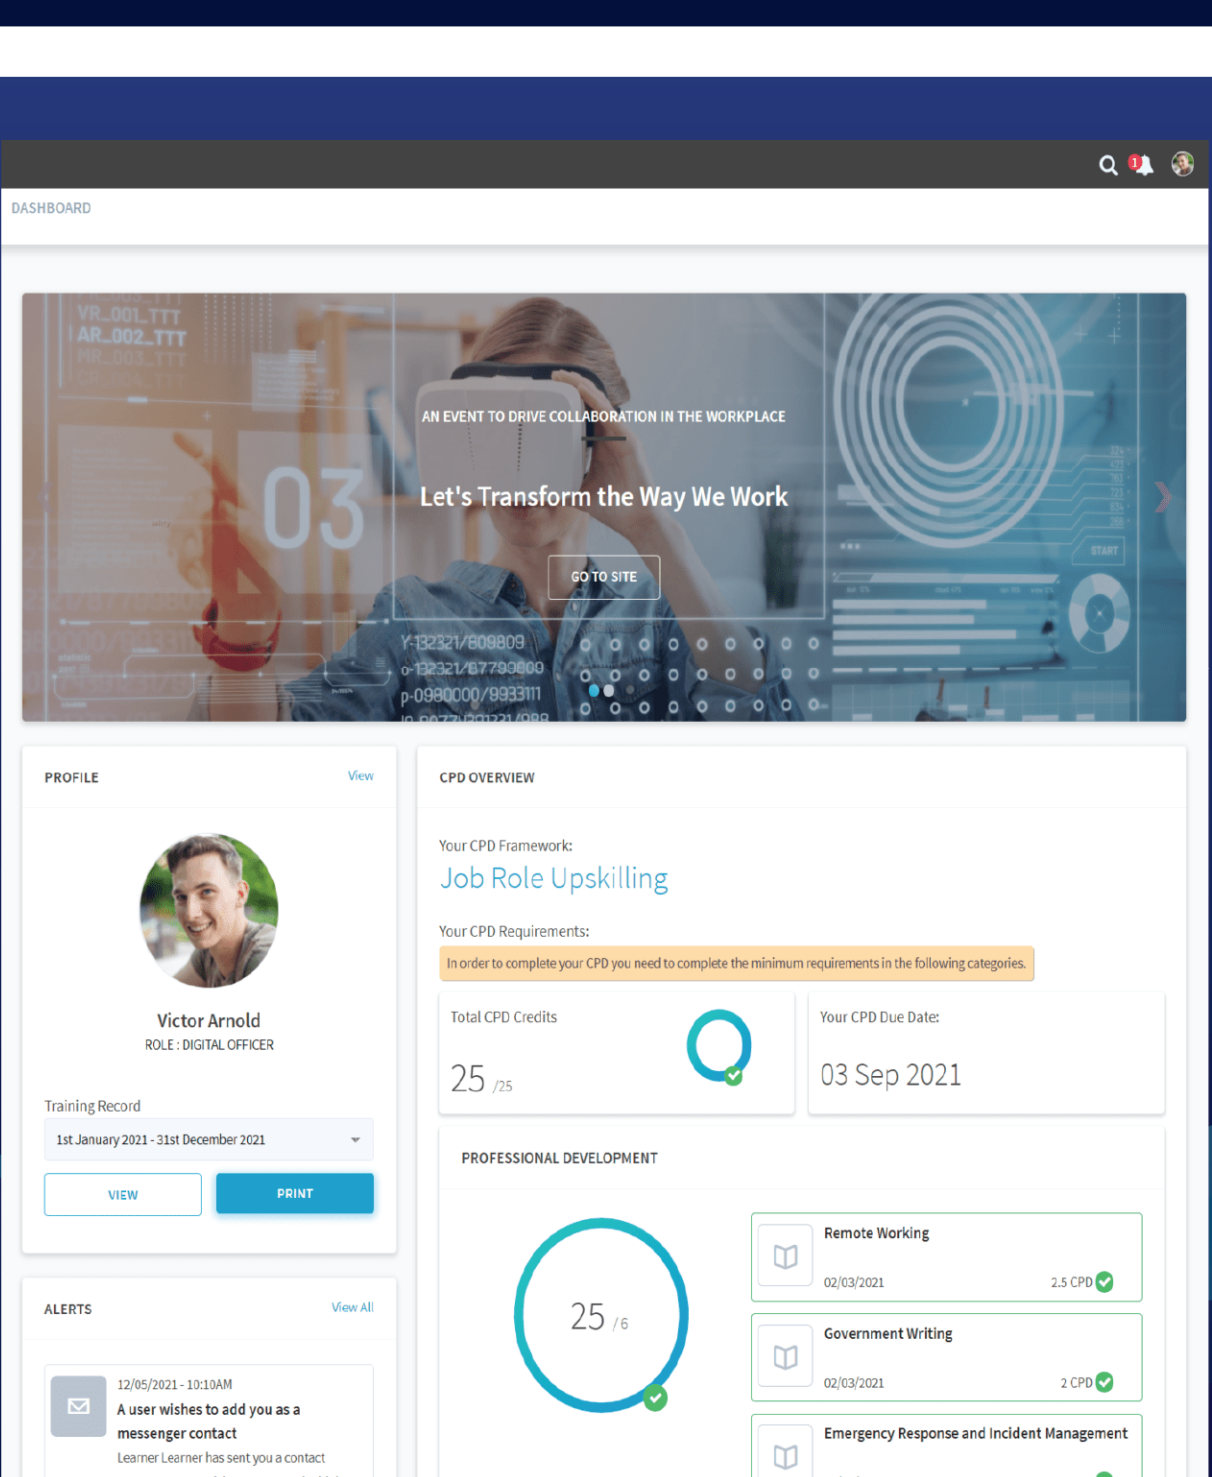

PowerHouse Upskill provides centralised management of your CPD webinars by integrating with GoToMeeting, Zoom and Microsoft Teams. Add new webinar, set the date and times, provide a description, upload a marketing image, assign a certificate, add CPD points and a subscription fee to attend. Members subscribe from their dashboard.

CPD Training Dashboards

The dashboard simplifies CPD completion as members select courses and register for events and webinars. The CPD Training Dashboard features:

- CPD targets and current points status
- Payment for courses, events & webinars
- Start and resume CPD Courses
- Alerts for upcoming CPD events and webinars
- CPD news and documents
- CPD Training Record and Workforce Wallet
- CPD Calendar showing events and webinars

Your administrators can generate reports on CPD activity and revenue.
